Jasmine's Story - "When we were homeless, there were so many sleepless nights. That first night, safe in our apartment, was the first time I felt things were actually going to be okay. During my intake, the specialist heard my situation and, step by step, explained how they would help us. You helped me every step of the way — with housing assistance, budgeting classes, credit building courses, employment training, clothing, daily necessities, food, and other resources. My kids loved the child and youth program, and in the Boundaries class I met other women who reminded me I wasn't alone. I'm so proud that I didn't give up."

Over the past five years Vine Maple Place has increased the number of families served each month by 347%, increasing the number of families served from 140 to 626 families each month. This was possible due to the generosity and support of the community of donors and volunteers.

Danielle's Story - "I never thought I'd be where I am today. Homeless, and then getting my keys to the apartment. I sat on my living room floor with my kids and felt like anything was possible. Today I work two jobs, am pursuing my GED, and the greatest accomplishment of all is finally providing stability for my kids — their grades have improved like never before, and I am motivated to keep setting big goals."

CELEBRATING 25 YEARS ENDING HOMELESSNESS

every step of the way

For 25 years, families facing homelessness have taken brave steps forward – made possible by a community whose support changes lives.

THANK YOU
